seems that the T-shift too tare we ran generated an averal for of interest, eagesially amongst potential entrepreneurs. Till try to entreet your questions as best I cen, but if you have any faither questes, I'm

sore the staff at Carelike/sorder would be happy to answer ther can phone Care on 01 672102.

1. This seems like loaded question, in \$1

Some designs are deliberately made to look blocky, and therefore any printer would be time. However, it you want to preduce uttra-amount bi-

printer will definitely au selfine. Although 24 pin printers produce a resol tion of up to 380u388 de per inch, pin printers au as the Citizen and Sarr is to produce very hansh print-outs with badly mit ies spells the ultimate fect. Unfortunately, Care in 1 produce certridges

but if they did, these was seen to be the ideal option. Perhaps if energy people pester them they will donesider making suc certridges.

2. The ribbons vary in price between about tive

price between about three pounds for a black ribbon up in more than 126 for certain colour ribbons. The life expectancy is, on exerge, 16 screen dumps per ribbon.

3. To a certain degree, it is a question of how

many colours your private has, as the subtlety with which it can mis from the count. Using the stands priving preferences from Wardstend, meny colour tand to look very meetly. These colours that satisfact appealably are entered which are soldner private died.

(red, green black, secondrial (purple, salinge etc), or ferfield of (0500 mixture) of any two secondrials. Care Discouls published a superb piece of admana called Fleeddrings, sector delivery prints colours to the best of its abilities. I thereafty recommend this software te ell colour printer or colours to the best of its abilities. I thereafty recommend this software te ell colour printer converse, regasties.

of whether or not they guing to print T-shirts 4. The finished prin provided they are true accordance with Cerry instructions, should le long as any other piec cichting which has be steed, in other words.

copy of their brilliant Compiler.

The Compiler converts programs written in AMSS Resig into stand alone executable (lies which run in pure machine code. These programs

will then ran significantly faster, and are much hirder for causal hackers to tree spart.

All you have to do to stand a chance of winning one of the Compilers, is named the following three questions connectly:

What is the name of the built-in AAASI animation language?
 Who is the author of AAASI and AAASI Compiler?

 Which best-selling range of educational suffware was produced using AMSE?

Send your entries on a postcard or on the autside of a sealed emologe. Entries sealed inside envelopes will be chucked away. If you think it's

commission susual states envelopes will be checked away. If you think it's way has spening bondreds of eveninges, seeming our fingers to the bone. Jahric again!

Incided your came, address and phone number, and post poer entires to COMPATER COMP at the usual address juit the frest of the magi. All entires should be received by paid to Colober.
